### Positive Adjectives for the Alpha Name Game

On the first night of Alpha small groups, Nicky Gumbel suggests to play the Name Game. This helps the hosts and guests remember each other’s names as they learn about each other. This list can help hosts if guests cannot think of adjectives.

**Instructions:** Each guest chooses a positive adjective that begins with the FIRST letter of their FIRST name – that describes who they are. **Optional:** Alpha hosts can ask for an additional comment such as what made guests decide to come to the Alpha course and/or each guest would repeat all previous guests’ adjectives and names.

Eg. “Hi I am **Cheerful Charlie** and I came on the Alpha course because I heard there was free food.”
